

PIPE FLAME CUTTING MACHINES

Portable

Three models available: two with manual chain feeding, MINI e MAXI, and one model with permanent magnet, PW2-11, without chain, equipped with remote control for automatic feeding. Easy to use, they can employ acetylene or propane gas. Affordable, simple and functional technology, these machines are extremely practical, ensure high productivity and require no maintenance.

Model	PW2-MINI	PW2-MAXI	PW2-11
-------	----------	----------	--------

Work range	4"-16"	8"- 40"	4"- infinity
Cut thickness mm	6-50	6-50	6-50
Bevel angle	0"-45"	0"-45"	0"-45"
Dimensions mm	420x250x450	515x390x510	350x310x180
Weight Kg	11,0	14,0	12,5
Technical gas	oxygen + acetylene or propane		

PW2-MINI

PW2-MAXI

PW2-11

Supplied with **PW2-MAXI/MINI** : adjustable chain, cutting torch, tips set, gas couplings and hoses

Supplied with **PW2-11** : transformer, power supply cables, cutting torch, tips set,, gas couplings and hoses
